

E-SDC Interface Display Options

In this chapter you need to select how your E-SDC will display notifications to it's users regarding:

- E-SDC status,
- the success of regular operations, or
- smart card information.

There are three specific options (**LED indicator light**, **Display screen** and **Pop-up notification**) as well as the option **Other** in case your product does not fit any of those categories.

NOTE:
You can select more than one option.

Initially, all options are marked as mandatory (red color).

1.

LED indicator light

☐ Yes

Comments 0

2.

Display screen

☐ Yes

Comments 0

3.

Pop-up notification

☐ Yes

Comments 0

4.

Other

☐ Yes

Provide Answer Here

However, when you select at least one option and save the answers, the others become optional (grey color).

1.

LED indicator light

☐ Yes

Comments
