

Apps

This section contains a description of all the applications which are a part of the TaxCore solution.

1. [Web POS](#)
Your authentication token can expire if the Web POS page is inactive for a long time. A pop-up will inform you that your session has expired and you will need to **refresh the session and repeat your actions**.
2. [Secure Element Reader](#)
For more information, see the [Secure Element Reader documentation on GitHub](#).
3. [Help Viewer](#)
The TaxCore **Help Viewer** online app offers access to complete searchable documentation for the [[*TaxCore.TaxCoreConfiguration.ElectronicMonitoringShortName*]] project.
4. [TaxCore Mobile POS for iOS](#)
Up-to-date user documentation for TaxCore Mobile POS for iOS is published via [GitHub](#).
5. [TaxCore Mobile POS for Android](#)
Up-to-date user documentation for TaxCore mobile POS is published via [GitHub](#).
6. [Taxpayer Administration Portal User Manual](#)
7. [Public Portal](#)
Public Portal is a public-facing website where customers and tax authority inspectors can quickly verify fiscal invoices, report non-compliance, and participate in transparency initiatives.
